

Co-Headteacher Task

Design a Home School Superhero

Dear children,

We are sorry you are not able to be in school and we will really miss you all until you return.

We know home learning can be tricky but we know you will all give it your best and we will be regularly speaking with your teachers to see how each of you is getting on.

On your first day of learning at home you will have been set some tasks by your teachers before your first day of virtual learning begins. We also wanted to set you a task to encourage you to think of all the ways you can succeed during this bubble closure.

We would like you to design a 'Home School Superhero'. Please label or list all of the super powers they would have and how these might help them. If you can take a photo and send it to your class teacher that would be great. If not, don't worry, we will take a look when you return.

You can use a jotter to do this, a piece of paper, the computer or the box below.

Ms Brooks and Mrs Kennedy
