### Tyburn Curriculum Map Cycle B

	Autumn Spring		Summer			
School Values	Ind	ividuality	Exce	lence	Adven	tures
British Core Values	The rule of law	Democracy	Individual liberty	Mutual respect and tolerance	Individual liberty	Mutual respect and tolerance
Topic	Bradgate Park	Puppet Masters	Burps, Bottoms and Bile	Africa	Botanical Brilliance	Life Before We Knew It
Curriculum progression and links	KS1- Ourselves and the world UKS2- Explorers	KS1- Superheroes UKS2- Revolution	KS1- Ourselves and the world UKS2- Explorers	KS1- Looking after our planet UKS2- War & Peace	KS1- Looking after our planet UKS2- Explorers	KS1- London's calling UKS2- Who were the Greeks
Synopsis	This geography-based unit will focus on our locality and study Bradgate Park in more detail. Children will take part in multiple fieldwork visits in which they will study geography and science units. Children will meet those with expertise on Bradgate Park, such as	This science and art-based theme will focus on the travel of light and investigate how we see. Additionally, children will discover the history of puppetry as well as designing and using the science they have learnt to create their own shadow puppet show.	Burps, Bottoms and Bile will focus on the human digestive system – its basic parts and simple functions. Children will also look at the different types of teeth in humans and their function in relation to digestion. They will understand food chains and be able to construct and interpret a variety of food chains using the correct technical vocabulary. In D&T, they will make mechanical books for an explanation of the journey through the digestive system.	This geography-based unit introduces children to the amazing Africa. Children will, locate the country and immerse themselves in all the aspects of Africa culture. They will learn about fair-trade and this will be the drive for the unit- culminating in a fair-trade food sale.	This science-based theme focuses on plants. Children will complete investigations to explore what plants need for life and growth and they will look at parts of plants as well as the life cycle of them. Their knowledge of plants will then be used for a gardening day where they will plant seeds and tidy up the school's garden area. Children will also use their DT skills to create a mini greenhouse focusing on structure.	Children will receive a letter from Amazon telling them that they have found historical artefacts in their grounds and whether there are also similar artefacts in the school grounds. They need the children's help in order to find out which time period they are from. Throughout the theme, children will explore the Stone age, Bronze age and Iron age in chronological order and focus on what has changed through these periods using timelines. Children should research using the internet and books, addressing e safety to find out about human achievements and what life was like including: tools, buildings, food, clothes, defence and religion. They should look at how they have changed and how they compare to today. Children will also find out about Skara Brae and Stonehenge. They will use their D&T skills to make a tool bag.
Enrichment Opportunities	Local visitors who are knowledgeable about the history of Bradgate Park.	Perform a puppet show to parents.	Visit from a doctor/nurse Q&A session	Fairtrade bake sale.	Fruit and vegetable weekly stall	Contact with Amazon- locally
Global Awareness	We will consider the importance of tourism to different places around the world.	Studying European fairy tales through English unit. How have stories been passed on in different countries.	Development of medicines across the globe	Creating links with a school in another continent e.g. Africa.	Global sustainability	
Rights Respecting Curriculum Award	No 1. Definition of a child No 2. No discrimination No 7. Name and nationality	No 8. Identity No 13. Sharing thoughts freely No 23. Children with disabilities	No 4. Making rights real No 6. Live survival and employment	No 15. Setting up or joining groups No 41. Best Law for children applies No 39. Recovery and reintegration	No 3. Best interests of a child No 9. Keeping families together No 14. Freedom of thoughts and religion	No 18. Responsibility of parents No 28. Access to education

## Unit Year 3/4 Textiles - 2-D shape to 3-D product

**Textiles –** Designing and creating a puppet with details and accessories

- use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups
- generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design

#### Make

- select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately
- select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities
- investigate and analyse a range of existing products

#### Evaluate

- evaluate their ideas and products against their own design criteria and consider the views of others to improve their work
- understand how key events and individuals in design and technology have helped shape the world

#### Technical Knowledge

 apply their understanding of how to strengthen, stiffen and reinforce more complex structures

## Unit Year 3/4: Mechanical Systems - Levers and Linkages

#### 3D - Pop-up Book

- use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups
- generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design

#### Make

- select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately
- select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities
- investigate and analyse a range of existing products

#### **Evaluate**

- evaluate their ideas and products against their own design criteria and consider the views of others to improve their work
- understand how key events and individuals in design and technology have helped shape the world

#### Technical Knowledge

 apply their understanding of how to strengthen, stiffen and reinforce more complex structures

Can name a number of methods to create a moving part. (Technical Knowledge)

## Unit Year 3/4: Food – Healthy and Varied Diet

#### Food - Fruit kebabs

- understand and apply the principles of a healthy and varied diet
- prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques
- understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed.

## Unit Year 3/4: Food – Healthy and Varied Diet

#### Food - Summer salads

- understand and apply the principles of a healthy and varied diet
- prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques
- understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed.

Can use a range of techniques such as peeling, chopping, slicing, grating, mixing, spreading, kneading and baking. (Food and nutrition)

RIMARY SCHOOL		Can make a finished puppet using a range of equipment. (Make) Can generate realistic ideas, focusing on the needs of the user. (Design)				
Music	Service.  • play and perform in solo			Unit: Food and Drink (8-9)  Musical focus: Performance  The children cook up a musical feast in this unit. They enjoy a varied diet of healthy beans, exotic Tudor banquets and DIY pizzas before celebrating in a song performance.  • play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression  • improvise and compose music for a range of purposes using the interrelated dimensions of music  Can show an understanding the historical significance of music	Unit: Environment (8-9)  Musical focus: Composition Seasons and the environment provide unit. The children make descriptive accenvironment has inspired composers the improvise and compose music for a rain related dimensions of music listen with attention to detail and recall memory use and understand staff and other music appreciate and understand a wide recorded music drawn from difference composers and musicians develop an understanding of the history.  Can use both voices and instruments to	companiments and discover how the hroughout history.  Inge of purposes using the inter-  I sounds with increasing aural  Usical notations  I range of high-quality live and ent traditions and from great  Try of music.
Computing	Kapow Y4 Digital Literacy/Computer Science  Data Handling: Investigating Weather  Use sequence, selection, and repetition in programs; work with variables and various forms of input and output Select, use and combine a variety of software	Programming: Programming Scratch  Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts Use sequence, selection, and repetition in programs; work with	Kapow Y3 Digital Literacy  Computing systems and networks: Emailing  Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact	Kapow Y3 Information Technology/Computer Science  Computer Systems: Journey inside a computer  Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs  Use logical reasoning to explain how some simple algorithms	Data Handling: Comparison cards  ■ Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data	Kapow Y4 Digital Literacy/Computer Science  Skills showcase: HTML  Use sequence, selection, and repetition in programs; work with variables and various forms of input and output  Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms

- (including internet
  - services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing,
- variables and various forms of input and output
- Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs
- Use search technologies effectively, appreciate how

#### Kapow Y3 Online safety

Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact

- work and to detect and correct errors in algorithms and programs
- Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by

and information

I can sort and filter databases to easily retrieve information.

I understand how to interpret a graph or chart to understand data.

- and programs
- Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing,

Communicate by asking and answering a wider range of questions
 Memorise and present a short text.

## Newtown Linford Primary School "Inspiring Individuality, Excellence and Adventures"

Memorise and present a short text.

ALARY SCHOOL						
	evaluating and presenting data and information  Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact	results are selected and ranked, and be discerning in evaluating digital content  Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information  I can design, code and build a game or animation.	I can send an email, with or without an attachment.  I know the key features of an email.  I understand and can explain reasons why we must be safe when communicating online.	decomposing them into smaller parts		evaluating and presenting data and information  Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact  I understand that not all information on the internet is correct and how to evaluate the trustworthiness of an online source.
PE/Games	PE Session 1: Invasion Games  • use running, jumping, throwing and catching in isolation and in combination  • play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  Y3: I can apply the movement, tagging and passing skills  PE Session 2: Real PE (Personal and Social)  • develop flexibility, strength, technique, control and balance  • use running, jumping, throwing and catching in isolation and in combination  • compare their performances with previous ones and demonstrate improvement to achieve their personal best	PE Session 1: Invasion Games  use running, jumping, throwing and catching in isolation and in combination  play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  PE Session 2: Gymnastics and Real PE (Cognitive and Creative)  develop flexibility, strength, technique, control and balance  compare their performances with previous ones and demonstrate improvement to achieve their personal best	PE Session 1: Invasion Games  use running, jumping, throwing and catching in isolation and in combination  play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  PE Session 2: Real PE (Cognitive and Creative)  develop flexibility, strength, technique, control and balance use running, jumping, throwing and catching in isolation and in combination  Can understand the simple tactics of attacking and defending (Cognitive)  Can use my awareness of space and others to make good decisions (Cognitive)	PE Session 1: Invasion Games and Orienteering  • take part in outdoor and adventurous activity challenges both individually and within a team  • play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  PE Session 2: Real PE (Applying Physical Skills)  • develop flexibility, strength, technique, control and balance use running, jumping, throwing and catching in isolation and in combination  Can select and apply a range of skills with good control and consistency (Applying Physical Skills)  Can link actions together so that they flow in running, throwing and jumping activities (Applying Physical Skills)	PE Session 1: Invasion Games  take part in outdoor and adventurous activity challenges both individually and within a team  play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  PE Session 2: Dance  perform dances using a range of movement patterns  compare their performances with previous ones and demonstrate improvement to achieve their personal best	PE Session 1: Invasion Games and Athletics  • develop flexibility, strength, technique, control and balance  • use running, jumping, throwing and catching in isolation and in combination  • play competitive games, modified where appropriate, and apply basic principles suitable for attacking and defending  PE Session 2: Real PE (Health and Fitness)
MFL	Year 4 Lightbulb Languages All about me  Listen to and identify words Communicate by asking and	and short phrases d answering a wider range of questions	Year 4 Twinkl Food Glorious Food  Read and understand familiar written phrases	Year 4 Lightbulb Languages Hobbies and Holidays  Talk about celebrations of which they have experience	Year 4 Lightbulb Languages What's the time?  Listen to and identify words and sl	hort phrases

Know about similar celebrations

in other cultures

RIMARY SCHOOL	I can ask and answer questions		<ul> <li>Follow a short text while listening and reading, saying some of the text</li> <li>Read a wider range of words, phrases, and sentences aloud</li> <li>Write some familiar words and phrases without help.</li> <li>I can read some familiar words and phrases aloud and pronounce them accurately.</li> </ul>	<ul> <li>Compare aspects of everyday life at home and abroad</li> <li>Identify similarities in traditional stories, building on relevant Y2/3 NLS framework objectives.</li> <li>I know about ways of travelling to the country/countries.</li> </ul>	I can listen for specific words and phrases	
	Christian & Jewish		Christianity	Christians and Muslims	Christianity	
RE	Why are festivals important to religious communities?  Explore and suggest ideas about what is worth celebrating and remembering in religious communities and in their own lives. (C1)  I can recognise and identify some differences between religious		Why is Jesus so inspiring to some people?  Give simple definitions of some key Christian terms (e.g. gospel, incarnation, salvation) and illustrate them with events from Holy Week and Easter. (A2)  I can present my own ideas about the most important attitudes and values to have today, making links with Christian values	through words, symbols and the arts	What does it mean to be a Christian in Britain today?  Describe some examples of what Christians do to show their faith, and make connections with some Christian beliefs and teachings. (A1)	
PSHE	Unit: Citizenship 8 Rights, Rules and Responsibilities (NB)  • Why do we need rules at home and at school? • What part can I play in making and changing rules? • What do we mean by rights and responsibilities? • What are my responsibilities at home and at school? • How do we make democratic decisions in school? • What is a representative and how do we elect them?  I can explain the difference between wants and needs.	Unit: Citizenship 6 Working Together (GFG)  • What am I good at and what are others good at? • What new skills would I like or need to develop? • How well can I listen to other people? • How do I ask open questions? • How can I share my views and opinions effectively? • How can different people contribute to a group task? • How can I persevere and overcome obstacles to my learning? • How can I work well in a group? • What is useful evaluation? • How do I give constructive feedback	Unit: Healthy and Safer Lifestyles 15 Drug Education  • What medical and legal drugs do I know about, and what are their effects?  • Who uses and misuses legal drugs?  • Why do some people need medicine and who gives it?  • What are the safety rules for storing medicine and other risky substances?  • What should I do if I find something risky, like a syringe?  • What do I understand about how friends and the media influence me?	Unit: MMR 11 Myself and My Relationships 11 Family and Friends (GOFO)  • What does a good friend do? • Do I know how to listen to and support my friends? • How do I cope when relationships change? • What are some of the similarities and differences between me and my classmates Who is now in my network of special people, and how do we affect each other?  I can describe some of the qualities of a good friend, and to have developed strategies for making and	Unit: HSL 16 Healthy and Safer Lifestyles 16 Personal Safety  • How can I be responsible for my own personal safety? • What sorts of physical contact do I feel comfortable with? • Who are the adults and friends I can trust and to whom I can talk about my feelings? • When might I need to break a promise or tell a secret?  I can contribute to discussions and listen to other viewpoints about personal safety and take an active part in class activities including using assertive voice and body	Unit: HSL 11 Healthy and Safer Lifestyles 11 Managing Risk  • What risks are there to my safety, my friendships and my feelings?  • How might my friends affect my decisions about risk?  • How do I feel and how does my body react in risky situations?  • Can I make decisions in risky situations?  • Who would I ask for help if things went wrong?  • What action is it okay for me to take in an emergency?

Skills Knowledge

ARY SC	I can explain why rules are needed and be able to identify those which are necessary and useful.	Can identify their own strengths and skills and those of others.	I can explain some ways in which medicines are used and describe some of the professionals who work with them.	I understand and am able to cope with changes in friendship patterns, and know some ways to resolve conflict and other issues in friendships.	I can identify trusted adults to include in their Network of Support, and who they can go to if they have a worry or a 'no' or 'I'm not sure' feeling.	I can give an example of a physical, a social and an emotional risk.  I can give an example of how their friends might affect their decisions about risky situations
